SUMMARY

Computer Science graduate passionate about solving real-world problems through technology. Quick to learn, with strong analytical skills, adaptability, and practical experience in Artificial Intelligence, Data Analysis, Machine Learning, Python, and Power BI.

EDUCATION

Bachelor of Computer Science, Umm Al-Qura University, College of Computers
GPA 3.44 out of 4
Aug 2022 – Jun 2026
Makkah, Saudi Arabia

EXPERIENCE

Deanship of Information Technology, Cooperative Training
Mar 2025 – Aug 2025
Makkah, Saudi Arabia

- Documented 200+ computer devices across university labs and colleges.
- Led a trainee team in developing a Device Management App for device registration, review, and task handling.
- Prepared an SRS document covering the app requirements, features, and workflow.
- Delivered a project presentation to Deanship leadership.
- Analyzed university-related data and built a Power BI dashboard to visualize key insights.

PROJECTS

Faten, Graduation Project

- Developed an AI powered academic assistant to support users with academic services and student tools.
- Built features such as AI chat, GPA tools, study plan, dashboard, and profile management.

Pulmonary Edema Detector, Computer Vision Project

- Built a deep learning application to detect pulmonary edema from chest X-ray images using CNN models.
- Added Grad CAM heatmaps and deployed the project through a Streamlit web interface.
- [View Project](#) 

Smart Complaint System, RAG Project

- Built an AI powered complaint system for IT support using RAG, LLMs, and similarity search.
- Automated complaint classification, solution matching, and escalation for unresolved cases.

CERTIFICATES

- Artificial Intelligence Program** — KAUST Academy
- Data Analytics Bootcamp** — Hash Plus
- Python Data Fundamentals** — DataCamp

SKILLS

Technical

Python | SQL | Power BI | Excel | Data Analysis | ML & DL
Scikit-learn | PyTorch | Pandas | Matplotlib | Git & GitHub

Soft

Problem Solving | Leadership | Communication
Adaptability | Collaboration | Fast Learning

LANGUAGES

- Arabic
- English
